YES — SAVE MY FREE SEAT

Most People Are Curious About Information. Very Few Are Willing To Execute.

Join Coach Dee & Jocanna Brown LIVE for the free training where we hand you the master blueprint — real down information — to rebuild your personal credit, build real business credit, and start leveraging CFPN (the best & money) to scale.

THURSDAYS AT 7:00 PM EST - LIVE WITH COACH DEE & JOCANNA BROWN

YES — SAVE MY FREE SEAT

You're Not Lacking Information. You're Lacking A Blueprint.

If you're feeling hopeless, with "good" — you've read the books, watched the videos, owned the tools, and bought a course or two, here's what you need to know: Most people want to know what you're missing isn't another fact about credit or funding — it's a clear, realistic blueprint that tells you exactly what to do, in what order, so you finally take action instead of collecting more things to "get to later."

"We don't sell information. We hand you the blueprint that's built our family's income and helped countless clients and students get to the BAG the right way."

This free training is built to break that cycle in one live session — so you leave with a plan you can start executing that same night.

What You'll Discover On This Free Training

01

Rebuild or Build Your Personal Credit
The best, step-by-step process to clean up your personal credit report and start building income that opens doors instead of closing them.

02

Build Real Business Credit
How to establish a business credit profile the right way for your business — not get pre-qualified personally — starts qualifying for capital.

03

Leverage CFPN To Scale
The system to start using CFPN — the best & money — to fund and scale your life and your business. Instead of overleveraging everything out of your own pocket.
